

## **MontCAS CRT-Alternate 2010 Training Evaluation Questions**

Thank you for watching the MontCAS CRT-Alt Training for the Spring 2010 Administration. To determine whether we have presented important points clearly, please take a few minutes to answer the following questions. If you are testing more than one student, please complete this survey only once.

1. I have given the CRT-Alt to students in previous years.  
☐ True      ☐ False
2. The CRT-Alt should be administered by a certified teacher who is familiar with the student being tested.  
☐ True      ☐ False
3. It is not permissible for another person to assist in the administration of the test.  
☐ True      ☐ False
4. The skills assessed in the CRT-Alt are aligned with Montana's Curriculum Standards, with benchmarks that have been expanded to measure skills that lead to the acquisition of grade level skills.  
☐ True      ☐ False
5. All materials required to administer the CRT-Alt are provided in the Test Material Kit.  
☐ True      ☐ False
6. Test administrators can modify the script provided for the test questions, using language that the student will understand, if the intent of the statement remains the same.  
☐ True      ☐ False
7. Scaffolding refers to the careful placement of test materials on the work space.  
☐ True      ☐ False

8. The score a student receives for each test item is unrelated to the amount of assistance required for the student to produce a correct response.
- ☐ True      ☐ False
9. The Halting Rule describes when it is permissible to discontinue the test due to student resistance.
- ☐ True      ☐ False
10. Introductory items in each tasklet are scored on a simplified rubric of “4” and “0”.
- ☐ True      ☐ False
11. A magnifying glass indicates that evidence must be collected to document the student’s final response.
- ☐ True      ☐ False
12. Scores from the student Test Booklet must be transferred to a scanning form that is part of Return Materials.
- ☐ True      ☐ False
13. A score of 4 indicates the test administrator provided complete assistance to the student to make the response.
- ☐ True      ☐ False
14. Students are not allowed to use specialized communication devices during testing.
- ☐ True      ☐ False
15. If test materials require modification, files for each item are contained on the Materials CD and can be used to change the size, color, and background of the test materials.
- ☐ True      ☐ False
16. It is permissible to substitute real objects for the graphic test materials used to administer the test if it is needed for the student to understand the test questions.
- ☐ True      ☐ False

Thank you for responding to these questions! Please e-mail this document to:

[mcgregor@ruralinstitute.umt.edu](mailto:mcgregor@ruralinstitute.umt.edu).

Responses will be compiled and not linked to individual respondents.
